# START TODAY WITH-PATHWAY

**Our exciting new Partnership**

Dear Pathway Partner,

**We are very pleased to welcome your school/college as one of our Pathway Partners for the academic year 2023-24.**

At Speakers for Schools, we believe that where a young person ends up in life should not be limited by where they live, the sort of school they attend, or who their parents/carers know.

Research shared by The Sutton Trust revealed that, despite accounting for just 7% of the pupil population, privately educated people occupy around 40% of 'top jobs' in this country. Yet research has also shown that they do so with the same academic grades as their state-educated peers.

We're all about giving young people from state schools and colleges fairer access to the opportunities they deserve at no cost to their school/college or parents/carers.

That's why this year we have expanded our **FULLY FUNDED Pathway Partnership** pilot scheme to allow us to collaborate more closely with you to map out a bespoke calendar of career-related activities for the current academic year to support your students from Year 7 through to Year 13.
